Commonly, the radar detector in the market comes with the same design so, you may get bored while you use it. But the manufacturer, Cobra, designed this radar detector with a distinction in its casing and overall look, contrary to the all-black smooth casing we normally see with other radar detectors. It has a unique design—a black front and ...

cobra 360 laser radar detector | eBay

The Cobra SPX7800BT that I tested (a feature packed higher end Cobra radar detector that originally retailed for \$259, so we're talking a higher end unit here, not even the super cheap ones) alerted only just before I reached the kill zone. With this detector, I'd have to slam on the brakes immediately when it goes off in order to avoid a ticket.
