Continental Engine Conversion Service Bulletin - This is a Continental factory bulletin from the early 1950s regarding conversion of small Continental engines to higher horsepower and different configurations. It begins with a lot of regulatory information, but it's got good technical data after a bit.

The Fly Baby Engines Page - BowersFlyBaby.com

option 2. De-rate the engine to 65 hp: If you find that your current propeller will not make required RPM in a static run-up, then we can de-rate the A75 engine to 65 hp. In this case, we would need to verify it will match the propeller static run-up requirements on the 65 horsepower BC12D Type Certificate A-696.
