Impact Factor of Chemical Engineering Progress - 2018 ...

Chemical Engineering Progress (CEP) is the flagship publication of the American Institute of Chemical Engineers (AIChE), the world's leading organization for chemical engineers. Nearly 30,000 professionals receive the magazine each month.

Chemical Engineering Progress - SCImago Journal Rank

Publisher: American Institute of Chemical Engineers. CEP publishes articles on the key aspects of chemical engineering: Energy Transfer and Conversion; Environmental Protection; Fluids and Solids Handling; Materials; Measurement and Control; Safety; Reactions and Separations; as well as Professional Development, and Management.

Chemical Engineering Progress | RG Journal Impact Rankings ...

The Chemical Engineering Journal focuses upon three aspects of chemical engineering: chemical reaction engineering, environmental chemical engineering, and materials synthesis and processing.. The Chemical Engineering Journal is an international research journal and invites contributions of original and novel fundamental research. The journal aims to provide an international forum for the ...

Chemical Engineering Journal - Elsevier

Chemical Engineering Progress. Appropriate subjects for articles include: choosing among design or equipment options; troubleshooting a process unit; designing specific plant hardware; assessing the likely impact of emerging technology; reviewing key trends and challenges in engineering research and development; evaluating continuing-education needs; and much, much more.

Chemical Engineering Progress | EVISA's Journals Database

Chemical Engineering Journals. Chemical engineers use the latest innovations in this field to design optimal production methods and techniques to minimize costs by maximize the safety and profitability. They make the best use of chemistry and engineering knowledge to turn raw materials into usable products such as, medicine, plastics, petroleum etc,...
