Canon 60d Manual White Balance - whygp.uk
Perhaps the only real inconsistency in the 600D's overall operation is found in Live View, where the buttons of the four-way controller no longer give direct access to their usual functions, but instead move the focus point around the frame. AF, drive mode, white balance and Picture Style are available via the 'Q' button instead.

Canon Rebel T3i / EOS 600D Review: Digital Photography Review
On the right is a version whose white balance has been set from a white card reference shot. The one on the right is very much like the colour as I perceived it. (In these examples the photos were captured as raw, using Auto White Balance, and imported into Lightroom using the default "As shot" setting for white balance.)
